You don't often get email from sseiler@cesi.fr. [Learn why this is important](#)

Dear colleagues,

CESI Engineering School in France is very happy to send you today the brochure of our 5 vibrant Summer Schools for International students.

The 2-weeks-programs fully taught in English will cover the following topics and cities :

- **Generative AI in Nice**
- **AI for Industry in Strasbourg**
- **Smart Health and AI in Caen**
- **BIM for Sustainable Future in Paris**
- **Blue Economy in Saint-Nazaire**

You can find many useful information on the following website : <https://www.cesi.fr/en/trainings/summer-school/>

I would be very happy if you could send out the attached brochure to interested students and scholars.

Please donnot hesitate to write back in case of any question you may have.

Best wishes,  
Stefan SEILER
